Petition to Withdraw from Issuance

Dear Sir:

In response to the Decision on Petition dated August 10, 2007, applicant hereby resubmits the petition to withdraw from issuance accompanied by a Request for Continued Examination.

Applicants petition to withdraw the above-identified application from issuance so that the references identified by the IDS filed on July 11, 2007 may be considered when determining patentability. Although the Applicant had timely submitted the references, Applicant has recently been notified that the PTO did not consider the references because the originally filed IDS lacked a statement pursuant to 37 C.F.R. §1.97(e). A replacement IDS, including required statement, was filed on July 11, 2007.

Withdrawal from issuance and re-consideration of this application in view of the cited prior art is respectfully requested. For these reasons, and in view of the above amendments, this application is now considered to be in condition for allowance and such action is earnestly solicited.
